KIDS PARTIES

Fun foods, activities and heaps of entertainment that we deliver and run straight on your doorstep, we pride ourselves on being able to deliver the best kids parties around!

Nothing will ever beat the parties we all had as children, the heaps of presents and cakes and the best bouncy castles in town. Which is why at Leisure King we keep all of those things at the forefront of our mind when it comes to helping you plan a kids party!

Working with you for even the smallest details of colour matching sweets and branding our food carts or entertainment packages, we know it's the little things that count. And whilst we have a range of food, activities, inflatables and entertainment to last you for days on end, we're always at hand to help offer additional suggestions to your itinerary to save you time and sanity!

From the moment of enquiry our staff work with you every step of the way and on the day work with the kids to help encourage participation, ensure safe play and offer a helping hand or 2 with demonstrations and taking those all perfect photo album shots! Building a party to remember doesn't need to be as hard as it seems, so we've listed a few of our favourites overleaf to get you started.

Customisation options with logos and matching colour schemes, save time by coming to us direct for all of your party needs.

FUN INFLATABLES

Been bumped off the bouncy castle? Let the kids take the stage on an inflatable playground while you round up the other adults for a few whirl downs on the Helter Skelter.

Our range of inflatables are made for adults and kids alike, from mega slides to foot darts or even a play centre for the little ones!

Bouncy Castles

With a range of sizes to fit in the most amount of people possible, you'll be sure to entertain everyone - adults too!

Mega Slide

Suitable for all ages - yes that means grown ups too. Climb and slide to your hearts' content with our giant mega slide.

Helter Skelter

An old Victorian funfair classic and the original red and white candy stripes. Did we also mention it's for BOTH adults and kids?

Foot Darts

Double sided for the maximum amount of play time. Aim as a penalty shoot out on reverse or simply play to a round of darts!

Toddler Activity Centre

One for the juniors too! With a mini ball pool and bouncy castle and their own under pressure game, it's a toddler play haven.
