ASSAULT COURSE

Our Assault Course puts your fitness to the test with 5 different hurdles to bounce up, down, over and through

Our two part Assault Course is a superb way to put your guests to the test. Participants push their way through the biff-n-bash wobblers then scramble between the two mangle beams before diving through the squeeze holes ready for their ascent up the block climb. Finally, participants take the plunge down the big inflatable slide and scramble off the end.

Loved by both children and adults, you can use the Assault Course as a 'have a go' activity or turn it into a timed competition with a score board. See who can bag the best timings of the day. This activity is particularly popular for corporate team building events, family fun days or any gathering where party inflatables will really amp up the fun.
