

ICE SCULPTURE

A touch of class to any event, in the coolest way possible! Suitable for all ages or over 18s with the addition of a vodka luge, ice sculptures make for perfect centrepieces.

A simplistic statement yet detailed enough to catch anyone's eye, ice sculptures are perfect for events that require something luxurious to add that extra bit of class. Popular at corporate events, product launches, award ceremonies and weddings, we have many designs to choose from including stiletto heels, the 007 pistol, numbers or a male and female torso. We can also make bespoke sculptures fit to your brief.

All designs can have an ice or vodka luge added being a channel drilled into your sculpture and vodka or a spirit of your choice is poured into the top ready for your guest to catch it in their mouth at the bottom!
