

GAME SHOW

Two hours of comedy, laughter, quizzes and interactive team building activities. Our game show guarantees memorable moments and great entertainment.

Our Game Show hire package is one to provide memories for a lifetime. Brilliantly suited and most popular as evening entertainment but also tailored to work as day time entertainment in the format of team building, our game show is a fully customisable event tailored to suit your requirements, time span and party size.

The game show is a combination of interactive quiz rounds, popular TV game shows such as "Who Wants to be a Millionaire", "Catchphrase" and "Deal or No Deal", interactive team table games and a mixture of warm up rounds and so much more. Your event is managed and run by your Game Show Host who ensures your event is enjoyable, memorable and running smoothly with the support of our event team technicians managing everything from technology to visual and sound effects and lighting to provide a complete Game Show experience.

Your session is designed around you, therefore your Game Show running time can be split into 2 halves to allow for a meal break or alternatively can be a full 2 hour set with shorter drink breaks. Customisation is available and encouraged throughout to make it a truly bespoke experience - involving your own company questions and facts or even questions about the staff members and their office habits!

Game selection choices are overleaf.
Generation game / teambuilding style rounds included from 100 people +

GAME SHOW

Two hours of comedy, laughter, quizzes and interactive team building activities. Our game show guarantees memorable moments and great entertainment.

On a usual event we would recommend two warm up games, four quiz rounds and four to six stage games. However, the amount and order of games is flexible and dependent on how many people you have playing and the length of time for your event. Our full list of games for our Game Show is:

Warm Up Games / Fast paced fun games - We suggest two of these per Games Show, one at the start and then one half way through your event. (Although we can run more if you wish):

- Flappy Crowd
- Frogger
- Rock em Robots
- Road Race
- Say What
- Super Combo – Pair up and act out the moves on the screen, only 1 pair will be left standing.

Quiz Games – 2-4 rounds per event of one of the following:

Quiz with interactive table buzzers - one buzzer per table

Trivia Time Quiz where players use their own mobiles and every player can play along with a leader board of the top 20 players showing on the big screen.

Stage Games – Choose 4-6 stage games (depending on the amount of players and length of time of your event). Stage games are highly interactive, fast paced and fun for everyone at your Game Show:

- The Feud – Based on the ever popular Family Fortunes Game Show

- This or That – two teams send up a player to the front and have to decide which item the audience clapped the loudest for... will it be 100 duck sized elephants or an elephant sized duck
- Wheel of Ill Will - based on Wheel of Fortune with a fun twist
- 20 Second Challenge – four players come up and have twenty seconds each to do a challenge they randomly get selected for
- Versus – Two teams of five players come up to the stage and compete against each other in head to head games
- Catchphrase
- Happy Couple / Besties or Offices mates game – How well do you know your team mate

Single Player Stage Games - We suggest sticking to the multi-player games usually as they are more interactive for everyone. However, single player games are perfect for if you want to single someone out at your event eg a boss, or if it's someone's birthday

- Take it or Leave it based on Deal or No Deal
- Who Wants to be a Game Show Maniac – Based on who wants to be a Millionaire

Team Games – Maximum of one per event

- Boogie bingo
- Fill in the blanks – Based on 'Blankety Blank'.
- Crowd Scavenger Hunt
- Generation Game/s – Trashy Fashion, Balloon modelling or Spaghetti Tower
