

SELFIE POD

Unlimited selfies and high quality prints?
 Yes, that's right. Easy to place, portable and
 height adjustable, our pod comes equipped
 with a high quality camera & props!

The perfect compact alternative to the traditional photo booth, comes the selfie pod! With the same superb camera quality to produce high quality prints, the build is smaller allowing you more flexibility for pod placement!

Not having to deal with the same space restrictions you get inside a photo booth, your guests will love that their selfies are going to be filled with as many people as possible! And with unlimited visits and 1 print every time, you'll be sure to have a whole collection of prints by the end of the night!

With a height adjustable leg to suit everyone and a box full of props to accompany, the possibilities are endless! Just simply show up, let us take the snap and you take home the memory.

Branding the pod is also possible to suit your event be it a wedding or company event – simply enquire on booking to receive a quote.
