

TV & MEDIA

From Loose Women to TOWIE, we've had a helping hand in creating some of the most memorable moments on TV and across the media! Creating truly bespoke projects to bring your vision to life, we work with you every step of the way providing quality equipment, professional staff and over 10 years experience.

Working with artists, TV show producers and many more, we've covered photobooths, rodeo rides, bespoke sumo suits and a whole range of fun foods - even custom colouring!

What's the perks of using us?

We've got the knowledge on how to organise large scale events with something for everyone including handling logistics, health & safety and most importantly, making sure everything runs as smoothly as possible whilst having fun!

Rodeo with Staircase Alan Carr's New Year Spectacular

We were contacted by the production team of Alan Carr's Specstacular show to help recreate a classic moment of 2015, when Madonna fell backwards down a flight of stairs whilst on stage.

Going along to the ITV studios (not for the first time) with our Rodeo base, we worked with the production team to make a staircase attachment which was safe but also would be able to fling TV stars Greg Davies and Danny Dyer around in true Madonna style. Everyone on the production team were delighted with how the game went and how much fun it added to the show.

Ben 10

Taking over Leicester Square as part of the Cartoon Network series Ben 10 – we worked with the events team to provide green candyfloss, popcorn and slush for the event.

Secret Lives of Posh Pets

Featuring our very own hot dogs, we fed the newlywed doggie couple their main meal which they loved as well as hot dogs for the 2 legged guests attending!

Fun Food Range

From candyfloss to sweet carts and even custom coloured foodie items for a truly bespoke experience, our fun food range has been (almost) everywhere! From ITV's This Morning to Leicester Square and London Southbank for TV and media coverage, our food stalls haven't proven to be a hit!

ITV's This Morning

Live on ITV's This Morning, take a peek at Holly Wiloughby making sugary soft candyfloss using our candyfloss machines! Philip however had the upper hand of skill!

Sugababes Photoshoot

Working with the management team to understand the concept of their photoshoot, we provided our candyfloss machine to use as a prop whilst our staff whipped up batches of candyfloss for the girls to use and pose with!

King of the Nerds

Directors of 'King of the Nerds' (UK) approached us with the need for great tasting treats for the challenge winners of an upcoming episode. We provided our candyfloss machine, sweet cart and slush!

Rodeo Rides

Loose Women (Reindeer), Election Alternative (Bedonday), Radio 1, Talk Sport, and even the Discovery Channel - just to reel them off!

Our rodeo rides have been across London, radio stations and live TV for some truly hilarious yet memorable moments for the nation! Featuring our MD Steve ('the elf and safety guy') as well as other stars Alan Carr, Carol McGuiness and even Chris Moyles (who bravely tried to do revision snippets whilst on the ride)!

Always involving a safety briefing and being run by qualified instructors and safety operatives, our rodeo rides are up for grabs with a range of animals to choose from including the bull, pig, camel, sheep and reindeers!

Urban Music Awards Photobooth Hire

Featuring stars from Hollyoaks, Waterloo Road and of course the Hoff himself amongst many others, we were asked to supply the infamous photobooth for the night! Supporting upcoming new music artists and others well established, it was a great night of fun, hilarious selfies and celebrations!

Sumo Suits Hire

From traditional sumo suits to Bouncers or even fighting fairies! Our sumo suits have been featured across national television and even on stage at the O2 by the likes of Plan B, TOWIE stars and even as a training break-away on Strictly! Also featured in HEDD Magazine.

Plan B | O2 Arena

The popular singer Plan B were performing at the O2. Their manager asked if we could create them some suits, a bit like the sumo suits we offer, but to look like bouncers, including an ear piece and large ears! So, that's exactly what we made them. They were used on stage to the delight of the crowd during the encore song 'Stay too long'.

TOWIE

With the makers of The Only Way Is Essex approaching us looking for entertainment for an episode of the show considering a budget yet still enjoyable for those at home, the sumo suits were a brilliant option! We discussed set up, safety briefings and tactics before moving out the way for the cameras!

Strictly Come Dancing

Helping to bring him away from the scenes of Casualty and the operating tables into the world of performing the perfect Paso Doble, Strictly took on our sumo suits to help break the stiffness and ease both stars into their next moves by bumping around before training!
