

GIANT JENGA

Giant jenga hire is the classic game of skill and tactics – but bigger! This game is easy to play and learn, but tricky to master.

Giant jenga hire is the classic game of skill and tactics – but bigger! This game is easy to play and learn, but tricky to master. You'll need a steady hand to be named the jenga champion. Giant jenga can be played with two or multiple players. Each player must remove a brick and place it carefully on top of the stack. The winner is the last person to successfully remove and place a brick, without the tower falling.

Whether you're planning a wedding, birthday party, team building day or just a get together in the garden on a sunny afternoon, garden games like Giant Jenga will make sure everyone's having a great time.

CUSTOMER REVIEWS

"The giant jenga game and limbo were very popular at our wedding, they were perfect to leave out on the lawn and to see everyone having a go. Plus we got some pretty funny photos!"
