

SPACE HOPPERS

Space hoppers can bring lots of fun to any event for kids and big kids! Low tech and easy to use, but maximum energy and fun.

Why not add some bounce to your event? Our space hoppers hire is a popular activity for children and adults. Space hoppers are low tech and easy to use, but maximum energy and fun. They are also a brilliant alternative to our bouncy castle hire and so much more fun than the traditional race or obstacle course. Set the space hoppers out as a 'have a go' activity or create obstacles and challenges.

Our space hoppers for hire are perfect for children's birthday parties, but are also great fun at charity events, team building days, community events and sports days.

CUSTOMER REVIEWS

"Thank you for all of your hard work at our recent team building day, it was a huge success. The ice cream stall was perfect for the day, and we all had a great laugh at seeing people play the garden games especially limbo and the space hoppers!"
