

## 360 VIDEO BOOTH

Capture every angle with our immersive 360 video booth, complete with custom branded overlays, instant on-site social sharing and a dedicated guests' gallery

Our 360 video booth doesn't just film your event – it puts your guests centre stage. Ultra-high definition footage, branded overlays and eye-catching special effects such as speed, glitter, cartoon and fun 3D turn every spin into instant social content.

Guests step in, pose or dance while the camera rotates around them, capturing every angle in one seamless, high-impact video.

With a built-in sharing station, guests can upload their videos straight to email or social media – no waiting around. Plus, a live guests' gallery is available on the spot, so everyone can view and download their videos there and then, with no need to wait for a follow-up email after the event.

### CUSTOMER REVIEWS

"We all had such an amazing night and honestly can't thank the Leisure King team enough. The 360 booth was the highlight of the party. Watching the videos back has been hilarious – especially seeing the quieter ones come out of their shell!"
