

AIR HOCKEY

Simple to play but are you quick enough to shoot and defend your goal? Quick wits and fast movements, test your skill in the arcade

An arcade classic and the simplest yet most competitive game of them all. Air Hockey becomes a fast-paced battle to defeat your opponent, but as much as quick wits, speedy reaction times and good coordination will save you, skills are what you need!

Being a full 7ft sized table and open to 2 players, the black carbon finish and audible electronic scorer means it fits in perfectly at any event, party or even office rec space! With electric motors inside that are built to last, you can be guaranteed to play for fast yet smooth puck action.

The Air Hockey table requires a standard plug socket and should only be used outside if covered by a marquee.

Why not combine with one of our other bar games for longer gameplay and a great discount: Pool Table | Table Tennis | Arcade Machine | Strike a Light | Table Football
