

BUNGEE RUN

Our Bungee Run puts the 'active' into 'activity' for your event and will create memories, laughs and picture opportunities galore. It's the Rolls Royce of inflatables .

The Bungee Run is physically challenging and great fun for all. All you need is an opponent and you're ready to bungee. Two contestants are strapped into the bungee cord by the waist, run as far along the bouncy run as they can and stick their marker down before being pulled back along the bungee run. The contestant whose marker is furthest down the run is the winner. It sounds simple, and it is, but it's great fun to play, hilarious to watch and so a great choice for entertainment at any event.
