

CRAZY GOLF

Bring your best shot to the course! Flounder around the windmill as you compete for a hole-in-one and know that all bets are off when it comes to 9 holes of crazy golf!

Pull up a chair and grab a brew whilst you watch players flap about the 9 holes of our crazy golf course! Hole-in-ones, pars and birdies, all peaceful and calm shots go out of the window when crazy golf gets going! New skills are a must when time comes to putting the ball over the ramp and around the corner with just enough swing to stop it rolling back and having to start all over again! But that's just one hole, and we make no promises for the rest being any simpler!

Great for both adults and children, we offer a full 9 hole course or even just single holes for exhibition and promotional stands, or go midway and have 3-4 for the office! Better still, we also cater for your big day too with our custom made wedding obstacles, so now you can have the big-day stress reliever, right at your venue!

CUSTOMER REVIEWS

"I was very satisfied with the equipment hired and in particular the service, both from the office and the delivery. My request was a very late arrangement and it was swiftly and professionally dealt in all aspects. So thank you very much"
