

Our Interactive Sports Cones Hire is great for high energy events, engagement and team building. The IPS sports cones allow for multiple game options - play in teams (up to four players per game), two player or solo. The wireless score board keeps track automatically of everyone's points - so that your event guests can play without interruption. Set the cones up in any shape or combination to suit your space, and you can make the games as easy or as challenging as you want. Play as a strike a light game (run to tap out the cone that's lit up) or add the challenge of dribbling a football around the interactive cones.

The IPS (Interactive Sports System) is great for team building days, student events, community fairs, sports days and engagement at exhibitions. Simple to set up and play, but bringing endless fun to your event. Our interactive sports cones for hire are durable, wipe clean and come with everything needed for a smooth running event.

To complete your event why not add some of our other event equipment to your booking. Pick from our sports day games, buzz wire, garden games, inflatable penalty shoot out or side stalls. We can also provide you with some healthy mobile catering options such as our smoothie bar or frozen yoghurt stand.

# Leisure King
